

Dingbats piecepack (Dingbat suits)

This piecepack emulates Daniel Ajoy's "Piecepack Design Variation" aka "Dingbats piecepack" which has the following features:

- Uses a yellow suit instead of a black suit
- The tile faces of two suits are 'white' and two are 'black'
- Fronts of the tiles are divided into four sectors
- The null and ace rank have distinctive symbols
- For more info see Daniel Ajoy's description and design notes at <https://boardgamegeek.com/filepage/91234/piecepack-design-variation>
